

Custom Rigid Profiles™

Custom Rigid Profiles are made for custom applications. Safety Tubing and Safety wands service the transportation industry. They can be used to protect and prevent accidents in the workplace and elsewhere. Custom profiles can be made upon request. Custom cut lengths as supplied by the customer. Rigid profiles can be colored, one option being safety orange. Call for availability and quoting any custom profiles.

Features/Ratings

- RoHS Compliant
- REACH Compliant
- Halogen Free
- FDA 21 CFR (Food Grade)

Property	Test Method	Typical Values
Specific Gravity	ASTM D792	920
Tensile (psi)	ASTM D412	25
Ultimate Elongation	ASTM D412	-
100% Modulus (psi)	ASTM D412	-
Hardness Shore "A"	ISO 868	80+
Compression Set 158 F°, 22 Hr.	ASTM D395B	-
Brittleness Temperature (°F)	ASTM D746	-40°
Recommended Working Temp. (°F)	-	-40° - 160°
